C.E. Breniman, Special Agent.

Oct 32/3

I roomed across the hall from Mr. Breniman for four days at the Gadsden Hotel, Douglas, Ariz. He is a strong-looking, clean cut chap and seems fitted by temperament and training for more substantial work than he is doing. He has worked at Eagle Pass, El Paso and Douglas and all who have come into contact with him speak highly of his work and his character. He has legal training and is apparently unmarried. 141

June 22/14

EDWARD BRENNAN, Special Agent, St. Louis (Additional)
the

Mr. Brennan recently handled/criminal end of the investigation of the National Bank of Gallatin, Tennessee. Mr. A. M. Tillman, U. S. Attorney at Nashville, was enthusiastic in his praise of the manner in which Mr. Brennan handled the case. He regarded it as one of the best bits of detective work he had ever seen accomplished.

Edward J. Brennan, Special Agent, St. Louis.

Mr. Brennan has been in the Division of Investigation for several years and has made his mark. He is a good detective and has had thorough experience in that line. His career covers a long period spent in handling criminal work; first he was deputy marshal, then a city detective, later a secret service man and finally a special agent of the Department of Justice.

Mr. Brennan has a fine reputation for honesty and devotion to duty. His habits are good, there are no black marks on his record and by his acquaintances in St. Louis he is regarded as a high grade, trustworthy detective. He lives with his wife-his second wife, and considerably younger than himself- at 3828 De Tonty Street. The house is of brick and is in a good suburban territory. It is worth, perhaps, \$5,000 or \$6,000. It stands on the tax books in the names of Mr. and Mrs. Brennan, though it is probably not all paid for. He is a Democrat and is highly spoken of by leading party men, but he has apparently refrained from political activity. 144

The two things I heard most about in making inquiries about Mr. Brennan were his trustworthiness and his great interest in his work.

Department of Justice,

Bureau of Investigation.

CHICAGO, ILLINOIS

Dec. 27, 1920.

CHIEF,
Bureau of Investigation,
Department of Justice,
Washington, D. C.

Dear Sir:

I beg to acknowledge receipt of your telegram of Dec. 27, 1920, which was received at this office as follows:

"A87 W 17 Govt 1 Extra AH Washington DC 11061 27 1920 Dec 27
BRENNAN AH 10 22
FEDERAL BLDG CHICAGO ILL
IMPORTANT DEVELOP IMMEDIATELY Owing REDUCTION FORCE
NUMBER ANY AGENTS YOUR DIVISION AVAILABLE I MENTANT
ARE GIVING DISMEMBER ONE
SUWLT ACTG"

When the reductions were commenced last fall we had in the Chicago Office 36 Agents. On Dec. 31, 1920, Special Agent Allen resigning today, Special Agents Hibbard and Folsom resignations effective Dec. 31, we will have left 17 Agents, a reduction of over fifty per cent. It is just almost impossible to reduce the force of the Chicago Office any more.

Advertising to your letter of recent date granting me authority to employ another stenographer, I wish to state that in view of the conditions of the present appropriation and the attitude of Congress, I will endeavor to make a further sacrifice and get along with what we have and not employ another stenographer. You may rest assured that the Chicago Office has made heroic efforts and has done everything possible, and almost strained every nerve, to help you out and steer through the rocks hoping to land safely in the near future under a larger appropriation.

In answering your telegram would say that Agents Sawyer and Harris, of the Milwaukee Office, while they are not exactly available, they are some of the ones that could be transferred from this division in the event that it is extremely and absolutely necessary.

Special Agent Solanki, of the St. Louis Office,
Special Agent E. C. Shanahan, of the Chicago Office.

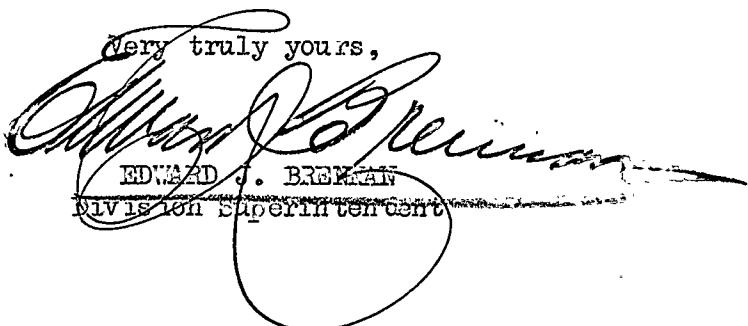

I have not conferred with those agents and do not know

12/27/20

EJB:JEB

whether or not they would accept a transfer, however, in the event that it is absolutely necessary, I suggest that the above named Special Agents be transferred or that their resignations be requested.

Very truly yours,

EDWARD J. BREMAN

Division Superintendent

✓ Industry, efficiency and General Adaptability: EXCELLENT. Special Agent Howe is a man of about 5 ft. 5 or 6 inches, and, while he is, in my opinion, one of the best all around investigators in this bureau, his small stature gives the impression rather of youthfulness, and it was for this reason alone that he was not allowed to argue the case for the Government - U.S. vs. Haywood, et al., before the U.S. Circuit Court of Appeals after having practically prepared the brief in the case.

Mr. E. J. Brennan,

Chicago, Ill.

Dear Sir:-

The attention of the Bureau has been directed by the Department to certain activities of Special Agent in Charge Stroud at Milwaukee in the enforcement of the Prohibition Laws.

The Bureau has issued several circular letters based on the policy of the Attorney General in such matters. I refer to Bureau circular letter #23 issued November 24, 1919, circular letter #54 issued April 30, 1920 and circular letter #68 issued August 30, 1920. The Department desires the Bureau to observe strictly the instructions given in these letters and you are requested to take the matter up with Special Agent Stroud so that he may be definitely informed as to the policy of the Department, and conduct himself accordingly.

Very truly yours,

Dear Sir:-

Referring further to the stenographic situation in the Bureau office at Chicago, I hereby authorize you to employ another stenographer, if in your judgment the work of the office cannot be properly handled by the stenographer who has already been appointed since the resignation of the Misses Faerber.

It was my understanding gathered from our conversation while you were in Washington, that you could dispense with the services of one of the Misses Faerber without impairing the efficiency of the clerical work of your office.

Very truly yours,

Chief.

Dear Sir:-

It is with much pleasure that I acknowledge receipt of your very kind letter dated December 20th, 1920, concerning increases in salary, effective at the beginning of business December 16th, 1920, of certain Special Agents and other employees of this Division.

I have notified Special Agents James P. Rooney and Walter G. Walker and Stenographers Dorothy and Virginia Donnelly and Mrs. Margaret H. Cooney, all of whom are delighted.

The employees consider the increases are liberal particularly so in view of the present condition of our appropriation. All that I have to say is that you will never have cause to regret increasing the salaries of these faithful employees, who are in my opinion, parts of the foundation of this Bureau.

Very truly yours,

I am forwarding today letters signed by the Attorney General, notifying certain Special Agents and other employees in your Division of increases in salary, effective at the beginning of business December 16, 1920, accompanying each with a letter over my own signature expressing my pleasure. Mr. E. J. Brennan,
Division Superintendent,
Chicago, Ill.

Dear Sir:

I am today mailing letters to certain Special Agents of the Bureau in your Division notifying them that by direction of the Attorney General their services will be dispensed with at the close of business December 31, 1920, requesting them to submit their resignations through the Special Agent in Charge of the district office to which they are assigned, effective of that date, and deliver to him during the present month their commission card and badge and account for any Government property in their possession. They are to be allowed such annual leave of absence with pay during the present month as they may be entitled to public business permitting.

In my letter to each of them I have distinctly stated that there can be no change in the date upon which their services must be dispensed with, and that any failure to obtain in the interim all leave of absence they may have earned cannot be considered as a reason for postponing the date of their release from the service into the next calendar year.

The Special Agents in your Division whose resignations have been requested are:

John P. Folsom, Chicago, Ill.
Harley S. Hibbard, "

Please give notice to Miss Hortense Cannon, stenographer, who is assigned to the Bureau office at St. Louis, Missouri, and Mrs. Maud Edwards at Grand Rapids, Michigan, that their services must be terminated at the close of business December 31, 1920, because of forced economies caused by the condition of our appropriation, and grant them such leave of absence in the interim as they may be entitled to, public business permitting. 73

-2-

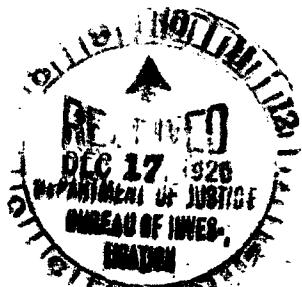

of account cannot be made with the Special Agents whose resignations have been requested until they have accounted for all Government property in their possession. I am explaining this in my letter to them, and I would request you to instruct Special Agents in Charge of district offices in your Division to promptly advise me upon the delivery to them by the Special Agents affected of Government property in their possession so that the forwarding of their pay and salary checks may be expedited.

Very truly yours,

Dear Sir:

In reply to your letter of December 9, 1920, initial-ed JTS-EW concerning the clerical and stenographic force in the Chicago office, I am certainly surprised and aggrieved to think that you are under the impression from our conference that the services of one of the stenographers in this office could be dispensed with without impairing the efficiency.

The efficiency of this office, particularly the stenographic force is and has been much impaired during the past several months. What I wanted to convey in our conference as to the Misses Faerbers was, that we would much rather employ our own stenographers than have them come from bureau headquarters for reasons that I have explained.

I did say that if it became necessary for further reduction that the services of one of the stenographers in the St. Louis office could be dispensed with and also the services of the stenographer in the Grand Rapids office could be dispensed with.

Very truly yours,

Edward J. Brennan

Dear Sir:

Mr. Frank K. Butterfield, Chief Special Agent of the Western Union Telegraph Company, has, prior to my coming to Chicago and during my incumbency in office here, co-operated with this office wonderfully. It is my opinion that it is needless for me to attempt to explain to you in detail the wonderful co-operation received from him.

Mr. Butterfield has jurisdiction over the special agents of the Western Union Telegraph Company all over the United States and Canada and spends about two thirds of his time on the road. While in Chicago he is in touch with the different sources and avenues of information and does not call upon us very much for our co-operation. We are, however, continually calling on him.

Mr. Butterfield has had a letter from the Chief of this Bureau, under date of June 15, 1917, addressed to Special Agents etc. of this Bureau, requesting them to co-operate with him.

In view of all the circumstances and knowing him as I do and the great area he covers (coast to coast) and the wonderful co-operation tendered by his company through him, I would thank you to please give him a letter similar to the one referred to above, copy of which is hereto attached.

Do not hesitate to grant this because you well know that I would not make a request of this character unless it was solely for the benefit of the Bureau. Kindly send the letter to Mr. Butterfield through me and oblige,

E.J.B.
Yours very truly,

EDWARD J. BRENNAN

Dear Sir:

I telegraphed you today as follows:

"Authorized appoint one stenographer fill
vacancies resignations Misses Fueber. Am writing."

During our recent conference in Washington I received
the impression that you could dispense with the services of one
of the Misses Fueber without impairing the efficiency of the
Bureau office at Chicago.

In view of our reduced appropriation I consider it high-
ly important to work all possible economies, and therefore would
suggest that in place of the two stenographers who have tendered
their resignations effective at the close of business December 15th
you employ one stenographer at a salary not in excess of \$1200 per
annum, with Congressional bonus. I hope you will find this feasible,
especially in view of the fact that every possible effort is being
made to increase salaries in your Division. Be good enough to
advise me in case you need the services of another stenographer.

Very truly yours,

Chief.

MR. LEWIS J. BAILEY,
Chief, Bureau of Investigation,
Department of Justice,
Washington, D.C.

Dear Sir:

Misses Louise and Leona Faerber, stenographers in this office since January of this year, will tender their resignations to take effect at the close of business December 15, 1920. They have a few days annual leave due them and will leave the service on the 11th of this month. The originals of their resignations will be forwarded to you in due time.

It is absolutely necessary and imperative that the places made vacant by these resignations be filled at once. As I have written you before we are down to pre-war basis and below the minimum in the number of stenographers and it is absolutely a physical impossibility to conduct the affairs of this office with less than five stenographers.

In connection with the personnel and salaries of the clerical force of this office, I desire to call your attention to my recommendation of Nov. 9, 1920 concerning the salaries of Chief Clerk Miss Dorothy Donnelly of this office and other stenographers (copy of my letter of Nov. 9, 1920 attached).

It is earnestly and urgently recommended that the compensations of Mrs. Mary M. Cooney, Miss Virginia Donnelly and John E. Brennan be increased from \$1200 to \$1400 a year and the congressional bonus.

If not otherwise instructed I will employ two stenographers (to fill the places made vacant by Louise and Leona Faerber) at a compensation of at least \$100. a month - it might be that

it will be necessary to pay them at the rate of \$1400 a year because we cannot do the work here with beginners as the five stenographers will have to be thoroughly competent, capable and efficient.

We have done everything in our power to reduce the expenses and have strained ourselves in reducing the clerical force to below the minimum with the hope that my recommendations for increases would be granted to these very capable, competent and efficient stenographers, and we feel a little disappointed, as the remaining stenographers have doubled their efforts and produced work that nearly twice their number had been doing. They have been working and will work however with fine spirit.

Attached herewith also is a brief outline of the recommendations I have made as to the clerical force of this (Chicago office)district.

I would certainly appreciate it very much if you will put each and every one of these recommendations through for these honest, loyal and efficient employes.

If you intend to do this I do not know of a more opportune time than this and to make it retroactive from December 1, 1920.

Very truly yours,

EDWARD J. BRENNAN
DIVISION SUPERINTENDENT.

OUTLINE OF RECOMMENDATIONS

CLERICAL FORCE INCREASES (Chicago, Ill.)

MISS DOROTHY DONNELLY, Chief Clerk & Secretary to Division Superintendent - present compensation \$1400. and bonus.

Recommendation: Recommend that Miss Donnelly's compensation be increased to at least \$5.00 a day, and bonus.

MRS. MARY M. COONEY, Stenographer - present compensation \$1200. and bonus.

Recommendation: Recommend that Mrs. Cooney's compensation be increased to \$1400. and bonus.

MISS VIRGINIA DONNELLY, Stenographer - present compensation \$1200. and bonus.

Recommendation: Recommend that Miss Virginia's compensation be increased to \$1400. and bonus.

JOHN E. BRENNAN, Stenographer - present compensation \$1200. and bonus.

Dear Sir:

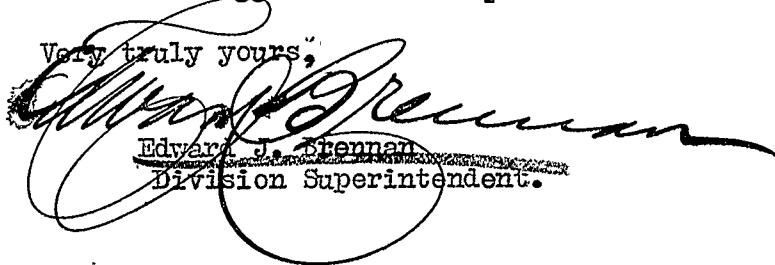

I am of the opinion that it would be a very good idea to have a meeting here in Chicago of all the Special Agents in Charge ~~of~~ this Division #5 at a very early date. I know that they can learn quite a lot by inspecting the Chicago office and meeting directly each other and discussing with me all together the rules and regulations of the Bureau.

On account of my being tied up on two or three very important matters here in Chicago for the past three weeks I have not been able to visit St. Paul and Grand Rapids. The cost of course is practically the same if I should visit the district offices or the agents come here to Chicago. In this Division the only trips that will cost anything worth mentioning are from St. Louis (which is an eight hour run) and from St. Paul (which is a twelve hour run).

If this meets with your approval authority is requested for me to communicate with the agents in charge of the districts in this division instructing them to appear at the office here at 10 o'clock on the morning of Tuesday Nov. 30th, 1920.

I would thank you if you will please advise me by wire immediately upon receipt of this letter whether or not you approve or disapprove of this suggestion and request.

Dear Sir:

I have a letter from Division Superintendent Brennan at Chicago under date of the 12th instant in reference to the official headquarters of Special Agents within his Division for accounting purposes. I enclose a copy for your information.

I would direct your attention particularly to that part in which he discusses the case of Special Agent James H. Daly, who entered upon duty at St. Paul November 1, 1920. Superintendent Brennan is of the opinion that Special Agent Daly's headquarters should be made St. Paul beginning December 1, 1920, which would allow him thirty days subsistence elsewhere, but suggests that your views be obtained on the same.

Please let me hear from you.

Very truly yours,

Dear Sir:

This is to acknowledge receipt of carbon copy of your letter dated November 11, 1920, initialed JTS-EW and to advise that there is no Special Agent or other employe of this Bureau in the Chicago office drawing a per diem in lieu of subsistence - neither are there any attached to the St. Louis office, Milwaukee office or Grand Rapids office.

Special Agent James H. Daly formerly Special Agent in Charge of the Omaha office of Division #6, entered upon the duties of Special Agent in this Division #5 at St. Paul on November 1, 1920.

With reference to Special Agent Daly I think it would be more proper for the Division Superintendent of the 6th Division to make the recommendation as to the length of time he should be allowed his per diem in lieu of subsistence. In passing however, I would state that in as much as Special Agent Daly was transferred to this division upon his own request that he be allowed thirty days subsistence or during the Month of November 1920.

Our records disclose here that Special Agent Ernest O. Irish's official headquarters is Chicago. He has been away from Chicago since Oct. 16th and we do not carry him on our roll here.

Very truly yours,

RE: SALARY OF CHIEF CLERK & SECRETARY TO
DIVISION SUPERINTENDENT.
CHICAGO OFFICE.

MR. LEWIS J. BAILEY,
Chief, Bureau of Investigation,
Department of Justice,
Washington, D.C.

Dear Sir:

Adverting to our conferences during my visit to the Bureau on last week touching on the salaries of the Clerical and Stenographic force of the Chicago office, I desire to again call your particular attention to the salary of the Chief Clerk.

As I take it, there are practically only two positions of this character - one in the New York office and one in the Chicago office of this Bureau. It is my opinion that it is needless for me to burden you with details as to the importance of this position, as you are well aware of it. I am satisfied that you will agree with me that a person who has the ability, efficiency and dependability and is capable of performing the duties of Chief Clerk and Secretary to the Division Superintendent as well as doing stenographic work and attending to the book-keeping and many other details of office work and supervising the clerical work in an office like Chicago or New York, should be appropriately and justly compensated.

Miss Dorothy Donnelly, who holds this position here, has been in the employe of this Bureau for the past six years and I can cheerfully say I do not hesitate to make the assertion that there is not a more capable, competent nor efficient Chief Clerk, secretary to Division Superintendent and stenographer in the Bureau service.

LJB-2

Miss Donnelly only receives a compensation of \$1400.00 a year and the Congressional bonus. There are other young ladies (Louise and Leona Faerber) in the office without any responsibility, performing the work of stenographers, receiving a like salary.

It is my judgment that in justice to this young lady she should be properly compensated and for the maintaining of the efficiency of the Bureau she should receive a substantial increase in salary, in my opinion \$5.00 a day or \$150.00 a month, or as much as that paid or contemplated to be paid the person who is holding or will hold the same position in the New York office.

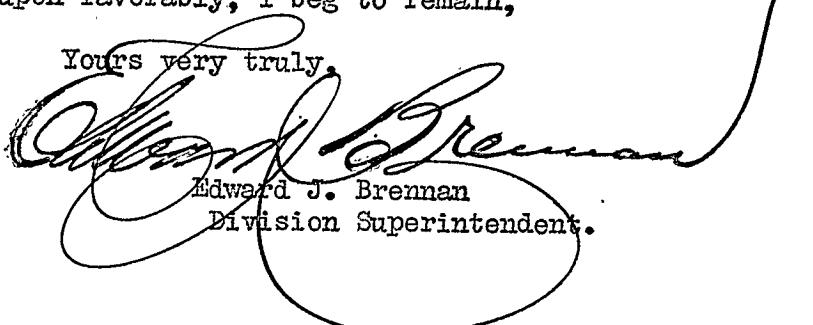

RE: COMPENSATION OF STENOGRAPHERS
MRS. MARY COONEY & VIRGINIA DONNELLY.

Referring also to our conference concerning the compensation of Stenographers Mrs. Mary Cooney and Miss Virginia Donnelly, I would appreciate it very much indeed if you would arrange that these faithful employes would receive the increases recommended.

In connection with all the recommendations that I have made such as the dispensing with a great number of employes in this division including Special Agents, Special Employes and Stenographers, I desire to particularly call your attention to the fact that the Chicago office is down to pre-war basis - that every employe working in and out of the Chicago office is "on his toes" and busy almost every minute .

Trusting and hoping that all or most of the recommendations I have made will be acted upon favorably, I beg to remain,

Yours very truly,

Edward J. Brennan
Division Superintendent.

Dear Sir:-

For the good of the service in the way of a suggestion I think it would be well to advise the employes of this bureau throughout the country that they are not to, under any circumstances, unless directed or requested by the Chief of the bureau or the Attorney General's office, to work on any Postoffice case, Internal Revenue, or any other alleged violation of the Federal Laws, where there is existing a bureau or investigative force for that purpose.

I know that such instructions were issued many years ago, but I am certain that there are at present many Agents of the bureau who are not aware that we are not to work on investigations where Congress has delegated certain investigative forces.

This office has been in receipt of several requests, I might say recently, where the matters could be more appropriately and should have been directly referred to the Chief Postoffice Inspector, they being Violations of the Postoffice laws.

Yours very truly,

EDWARD J. BRENNAN,
